Brgy. Lias Marilao Bulacan

PROFESSIONAL SUMMARY

Computer Science graduate with hands-on experience in web development, database management, and software development through academic and personal projects. Skilled in JavaScript, PHP, Java, Python, React, MySQL, and REST API development. Developed an AI-Assisted Exam Generator utilizing TF-IDF for automated question generation. Seeking a Junior Software Developer, Full Stack Developer, Frontend Developer, or Backend Developer role.

PROFESSIONAL EXPERIENCE

8 CON ACADEMY | APRIL 2025 - MAY 2025

Frontend Developer / Backend Developer / Data Analyst Intern

- Developed responsive web interfaces using React.js and JavaScript.
- Assisted in developing REST APIs and database integrations.
- Implemented CRUD functionality for web applications.
- Collaborated with team members using Git and GitHub.

TECHNICAL SKILLS

Category	Technologies / Skills
Programming Languages	Java, JavaScript, PHP, Python, SQL
Frontend Development	HTML5, CSS3, React.js, Bootstrap
Backend Development	Node.js, Express.js
Database Management	MySQL, MongoDB
Version Control	Git, GitHub
Development Tools	VS Code, Postman, XAMPP
IT Troubleshooting	Basic Hardware, Network Troubleshooting

PROJECTS

• AI-Assisted Exam Generator Using TF-IDF (Thesis 2025-2026)

Technologies: Python, Flask, MySQL, REACT , HTML, CSS, JavaScript

- Developed an AI-powered exam generation system using TF-IDF for keyword extraction.
- Generated Identification, Multiple Choice, and True/False questions automatically.
- Implemented user authentication and module management.
- Designed a database for storing learning materials and generated questions.

- **Jerry's Grill Order and Billing System (2025)**

Technologies: HTML, PHP, MySQL, JavaScript, Bootstrap

- Developed a restaurant order and billing management system.
- Implemented order processing and receipt generation.
- Created inventory and sales tracking features.
- Designed responsive user interfaces.

- **Let's Get Physical Gym Management System (2024)**

Technologies: HTML, PYTHON, MySQL, JavaScript, Bootstrap

- Developed a gym management system for handling memberships and customer records.
- Implemented member registration and account management features.
- Created reporting functionalities for tracking membership activities.
- Designed responsive interfaces for staff and users.

- **Sweet Scoop Restaurant Management System (2023)**

Technologies: HTML, PHP, MySQL, HTML, CSS, JavaScript, Bootstrap

- Built a web-based restaurant management application.
- Developed product, order, and customer management features.
- Implemented CRUD functionality and reporting modules.

EDUCATIONAL BACKGROUND

- **Pambayang Dalubhasaan ng Marilao (2022-2026)**

Bachelor of Science in Computer Science

- **Assemblywoman Felicita G. Bernadino Memorial Trade School (2016-2018)**

Senior High School

Science, Technology, Engineering and Mathematics (STEM)

- **Assemblywoman Felicita G. Bernadino Memorial Trade School (2012-2016)**

Junior High School
